TWO PIKES UNDER STATE AID
Fiscal Court Plans For Reconstruction of Danville and C. O. Roads.

In accordance with the provisions of state road law, the Fiscal Court of Lincoln county is advertising for bids for reconstruction of the Stanford and Danville and Stanford and Crab Orchard pikes.

These two roads constituting as they do, county seat roads within the meaning of the state law, are to be rebuilt and reconstructed under the state supervision and in the main with funds received by Lincoln county from state road fund. Sealed bids are asked for which will be opened on October 9th. In letting the work by contract, in the way prescribed by the State Road Department it is believed that the best quality of road work can be obtained at a minimum of expense.

A splendid example of pike reconstruction under the supervision of the Department of Public Roads is seen in the reconstruction work which Garrard county is now doing on the Stanford and Lancaster pike from Lancaster to the Lincoln county line. No finer roadway is to be found anywhere and travelers over it pronounce it the equal of a boulevard. The Lancaster record explains the construction of that roadway as follows:

"Over two miles of state aid road has been built in the county, one mile on the Stanford pike and about one mile on the Lexington road, and all who have seen these roads pronounce them the best they have ever seen. Three miles of this road is being constructed by the county under the supervision of the state agent, while fourteen miles have been let by contract to Hughes Brothers & Ward

for \$1.45 a cubic yard. The estimated cost of these two roads is about \$1000 a mile, and all the county receives from the state paying for half of it, reduces the cost very materially. It is thought by many if these roads are given a good coat of oil they will last for fifteen years without any further work that to keep the ditches open. The metal for the Stanford road is being shipped from Mt. Vernon and about 20 carloads a week are being delivered.—Interior Journal.

These pikes are on Boone Way, except the Lexington road.

Livingston

L. H. Davis has his mill completed and is now ready for business.—Well, the third of November will soon be here and this will decide which will be governor of Kentucky for the next four years—Morrow or Stanley. Of course Stanley will be victorious. The republicans had to furnish a lamb for slaughter and it may just as well be Morrow as any one else. We believe Stanley will carry the state by a majority of 30,000. Brother republicans, Salt River is a dreary place, but we think this will be your home for the next four years. Our sympathy goes out after you, but when you held the reigns of government for over twenty-five years, you had none for us, so you will have to take the medicine.—Mrs. W. M. Owens and Mrs. G. A. Griffin were in Mt. Vernon, Sunday, visiting relatives.—S. C. Franklin, of Mt. Vernon was here Wednesday.—News is very scarce this week and my letter will be short.—Hobert Griffin has rented rooms at the Mullins Hotel and has gone to housekeeping there.—Mrs. Fred Baker, of Mt. \$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ESCORTED by a crowd of 300 men on horseback, who met him three miles out of town, A. O. Stanley, the Democratic nominee for Governor, rode triumphantly into Hindman Friday on a mule. He came from Prestonsburg, which is sixteen miles away, accompanied by former Congressman Frank Hopkins, who lives in Prestonsburg, and Mack Phytian of Frankfort, who is traveling with Mr. Stanley. The fact that Edwin P. Morrow, the Republican candidate, canceled his speaking date at Hindman, when he found he had to travel mule back, and that Stanley jumped at the idea, pleased the voters in this section. Telephone messages announced the approach of Stanley toward Hindman and a guard of honor was formed to ride three miles out and bring him in. When Stanley and his mule rode into view of the crowd they let out a yell and waived their hats in welcome. Another ovation was given the Democratic candidate when he entered Hindman at the head of his escort.

THE WESTERN UNION TELEGRAPH COMPANY have wires, under charter, running thru our county. To-day we find ourselves unable to send a message over their lines, from the fact of their trouble and differences with the L. & N. R. R. This service has been turned in to Rockcastle county for past two years thru the Cumberland Telephone Company which really own the Western Union until the U. S. Government stepped in and did the separation act. These two companies carried on this telephone-telegraph business up to two months since—at least to Rockcastle county—when the local company advised them it desired better compensation for exchange business. The W. U. gave no satisfactory answer. The W. U. is and has been in law suits with the L. & N. R. R. for some years. They have wires running thru Rockcastle. I the W. U. can't give connection to county seats let them be forced to get out of the county.

WE wish to say Rockcastle is going to have thru highways first, then other roads are to follow. Our people should not become discouraged on account of the delays met in getting the work started. This State road business, in the mountains, especially, is something new and out of the ordinary, and it takes time for the courts and people to grasp the situation and meanings. It is a proposition that requires some study. Our Fiscal Court has made that study and tomorrow it is probable the said Court will do what they think is best for our county.

FISCAL COURT met on Monday and opened the bids submitted on the seven miles of line leading out Richmond Road from Mt. Vernon to Round Stone. Two bids were received. The court, after two days' work in the matter, adjourned until tomorrow, Saturday. There is some doubt as to what will be done.

THE Fiscal Court has appointed R. A. Sparks and G. S. Griffin as commissioners to meet the commissioners of Laurel County on Tuesday, Oct. 12th, at Livingston, to agree upon a point of meeting of Laurel and Rockcastle inter-county seat roads.

WASHINGTON dispatches announce the engagement of President Willson to Mrs. Norman Galt of Washington. The wedding will occur in December. Mrs. Willson died August 6, 1914.

ONE of our citizens was heard to remark that it looks like President Willson had enough trouble on his hands without voluntarily taking on more.

A. O. STANLEY, in an address at Warsaw Saturday, replied to attacks on Gov. McCreary and flayed those who have sought to besmirch his record.

CALL OF ELECTION.

Whereas a Petition was on the 31. day of September 1915 filed with the County Court Clerk of Rockcastle County signed by 20 legal voters of voting precinct No. 1, or East Mt. Vernon, asking a submission of the question "Whether cattle or any species thereof shall run at large in said precinct". It is now ordered by the Court that a poll be opened in said voting precinct at the general election to be held in said precinct on the 2, day of November, 1915, for the purpose of ascertaining the will of the voters of said voting precinct upon said question.

IS THIS TRUE?

MY WALT MASON.

"To gain a smile from your starry eyes, I'd rather slay a dragon," the lover cries. "I'd dip the sea from its ancient bed. I'd scoop the snow from yon mountain's head I'd grab a star from the spangled sky, to light your path as you toddle by. I'd catch a whale, tho it's fierce and fleet, and proudly lay it before your feet. Whatever a mortal man can do, will be done by me, dear love, for you." Oh, the fair maid fall for this tommyrot, and off to the parson then they trot, and the good man says, "You're man and wife: I have sentenced you, and your term's to life." The passerby, when a year has flown, may hear the passionate husband groan: "The minute I step within these doors, you have a list of a thousand chores. There is no rest for a weary soul; you want some water, you want some coal, I should mow the danged lawn, or pulling weeds, till the light is gone, or pruning trees with a butcher knife—a man's a chump when he takes a wife!" Oh, girls who plan to be happy fraus, beware the man who is long on vows.

OUR GRAND SECRETARY.

These are busy days at the Grand Secretary's office, where Bro. Dave Jackson will greet the delegates to the Grand Lodge with the smile that won't wear off, and the hand clasp and "God Bless You" that has made him the best known Grand Secretary Kentucky ever had.

If there is one of the 42000 Masons of Kentucky that has never seen Dave Jackson, it isn't because Dave Jackson has never been where he could be seen, for as Grand Master and Grand Secretary he has perhaps covered every square foot of Kentucky soil. Miss L. R. Hosken, Mrs. Jackson and Assistant Secretary Alex Woodruff have been kept busy checking the lodge returns and collecting the detailed information required for Grand Lodge. Miss Hosken served for many years under the late beloved Capt. Grant while he was Grand Secretary, and is regarded as the daughter of Kentucky Masonry—Masonic Home Journal, Louisville, Ky.

WHY NOT PUBLISH IT?

When you want a fact to become generally known, the right way is to publish it. Mrs. John Kallans, Peru, Ind., was troubled with belching, sour stomachs, and frequent headaches. FARM NEWS.

John M. Cress, near Preachersville, is going in for pure bred Southdown sheep, as well as the blooded black cattle. He was over in Georgetown last week and bought a fine, thorough bred buck from T. F. Shroat for which he gave \$43.

There were about 200 cattle on the Harrodsburg market Monday, and while most of them sold the demand was not great. The highest price paid was seven and a quarter cents, which was for a bunch of yearlings numbering 20. Some plain cattle sold at six and a half cents, while common stuff brought five to five and a half cents. J. D. Whitehouse of Boyle, bought of Brown, of Mercer, a bunch at the latter price. There were hundreds of mule colts on hand, and the several buyers got a good portion of them. They sold all the way from \$40 to \$95, Bonta Bros., paying the latter price for an excellent mare colt. The bulk of them sold between \$50 and \$70.—Interior Journal.

COME home to dinner with me and have some of my wife's good bread made from MORNING STAR FLOUR

The majority of men relish good, fresh, tasty bread and miss it keenly when compelled to eat ordinary bread. Complete confidence comes to the woman who uses the Morning Star Flour in her bakings, confidence when she buys, for every sack is guaranteed to give satisfaction, confidence when she bakes for Morning Star Flour never goes wrong, but goes further than usual flour by making more loaves to the sack, causes the least care in the mixing, and kneading, and produces the most satisfying bread, light, sweet, snowy white loaves with crusts delicious and tender, and there is least waste from stale ends and dry crusts, for bread made from Morning Star Flour keeps fresh longer than other. It permits of baking more loaves at a time and less often, thereby saving in work, fuel and care. Until you have tried Morning Star Flour you will never know a perfect flour

time. Call on J. F. LEWIS,
Maretburg, Ky.

Willis McKenzie, who was
burned out by the late livery
stable fire, has opened up business
in basement of Rockcastle Hotel.
Willis can't be downed. He will
get thru every time.

The adjusters were here last
week and made settlements with
J. M. Brown, on building, C. A.
Davis, on livery stable, and W. A.
McKenzie on restaurant, the three
losers in the recent fire.

County Clerk, S. F. Bowman,
of this place, put on exhibition in
the show window of J. Fish &
Sun the largest sunflower ever
reported in the state. It measur-
ed 60 inches in circumference.

COAL LANDS.—The Boreing
Land Company, in which Dr. J.
M. Williams is interested, are
closing out their valuable land
holdings in Harlan county at a
big profit on their investment
made a number of years since.

J. M. Brown is having the lot
cleaned off and will begin at once
the erection of a building which
will be occupied by W. A. McKen-
zie. Mr. Brown has not decided
whether he will rebuild livery
stable or not.

We understand that the Brown
brothers will put up a business
house on the lot where the late
fire destroyed the livery stable and
the McKenzie restaurant a month
since. We suppose McKenzie
will secure a lease upon the build-
ing as he is about the only man
who ever made a success in busi-
ness on that corner.

Fred Owens will tackle anything
once. He has had experience
with almost any kind of engine,
machine, autos, etc., and is just
waiting for an aeroplane to fall
here, in its passage, so he may take
it to the shop of O'Mara & Owens
for repairs. After repairing it,
he would undoubtedly, take a
whiz in it just for luck. That's
Fred.

Have you brought in that fine
art of corn? Big apple? Irish

Bunshel gourd? Turnip? Popcorn?
Celery? or other things in vege-

ious shaped vegetables? to be ex-
hibited in Fish & Son's show
windows.

John Magee, wife and son, left
yesterday morning for Blanca,
Colorado, where they will make
their future home. Before leav-
ing Mr. Magee purchased a new
Ford car and the trip will be made
by automobile. Mr. Keene Lutes
has leased from Mr. Magee his

Mrs. A. C. Sowder died at her
home at Langford station Monday
after a year's intense suffering of
that most awful disease, cancer.
Mrs. Sowder's suffering has been
long and severe but she bore it
calmly, never complaining. Beside
her husband she leaves four
children two daughters, Mesdames
John Clontz, of Mt. Vernon, and
Della Baker, of Williamsburg, and
two sons, W. M. and Paris Sowder,
both of this county. The burial
took place Wednesday at the Kir-
by grave yard, after funeral ser-
vices at the grave conducted by
Rev. C. K. Carmical.
Mrs. John Kirby and Mrs. Al-
fred Barnes, of the Skeggs creek
section, are also daughters of Mrs.
Sowder.

dleton Oregon, from this place
Tuesday by express, the charges
on same being \$64.

Omara & Owens are getting lots
of work at their repair shop on
West Main. They can doctor
anything from a snail motor to a
traction engine, a stove pipe to a
steam boiler or engine.

J. W. Baker was here from
Winchester Monday and express-
ed himself as being thoroughly de-
lighted with his new home, and
the prospects for a fine business
in that prosperous and thriving
town.

R. S. Jett, the Farmers Ex-
change man, is an athlete from
away back. Yesterday we saw
him mount a 16 hand bare back
horse from the "off" side by a
single spring, arriving on deck
without any climbing at that.

The Store That Sells For Cash.

Mt. Vernon, Ky. Oct. 4, 1915.

To the citizens of Mt. Vernon
and vicinity: In view of prevail-
ing conditions in town and through-
out the county, it is considered
desirable and proper, that we
come together, and discuss the
best means for promoting law and
order.—We deem it especially ur-
gent, that the people take im-
mediate steps to enforce existing
laws regarding unlawful sale and
use of alcoholic beverages, as well
as the wholesale practice now in
vogue of corrupt campaign methods
in the use of money and whiskey
to bribe voters. In view of these
harmful and odious practices, all
citizens who desire to promote
law and order, and fair elections
are earnestly and respectfully re-
quested to meet en-masse regard-
less of political differences, at the
Court House, Saturday, Oct. 9,
